- Colour cabinet: Blue silver
- Product weight: 14 kg
- Set dimensions (W x H x D): 422 x 396 x 405 mm
- Weight incl. packaging: 18 kg

Power
- Mains power: AC 220 - 240 V +/- 10%
- Power consumption: 45 W
- Standby power consumption: < 5 W
- Off Mode: 2.5 W

Product highlights

SmartCard 3v3 Expansion Slot
Permits OEM or 3rd party decoders and controllers to be installed inside the television for custom designed component integration. Eliminates the need for external set-top decoders, controllers, or data terminals. Integrates system for superior control applications. Allows expandability for future upgrades. Prepared for digital applications.

Smartplug RJ12 connector
The Smartplug RJ12 connector permits OEM or 3rd party decoders and controllers to interface with the TV.

Integrated Clock Display
The built-in clock display, which is also a wake-up alarm, eliminates the need for an additional clock with cables and connections in the room. Automatic time synchronisation via teletext, selectable display brightness and wake-up alarm level to enhance guest comfort.

Wireless Smart Loader™
Provides the ability to copy easily and wirelessly all programming settings from one TV set into other TV sets in less than a minute. The feature ensures uniformity between TV sets and significantly reduces installation time and costs.

External Loudspeaker Connector
Amplified audio connector for easy installation of external speakers (like for bathrooms), eliminating the need for investments in external equipment

Welcome Message
Welcome greeting displayed on screen each time the TV set is switched on

Volume Control Locking
This feature predefines the volume range in which the TV set can operate, preventing excessive volume adjustments avoiding disturbance of next door neighbours.

Front Controls Locking
Prevents unauthorised access to TV functions

Switch On Channel Programming
It forces the TV set to a specified channel when turned on. Perfect for in-house advertising or information channels.

Security Menu Access
Provides conditional access to installation and configuration settings via a special code or master remote control

ESP™
Feature can be selected in the set-up menu. The TV can be switched off automatically after a specified period of use saving energy and providing extended product life time. The selectable range is from 0 to 99 hours.

Multi Language Teletext
Allows users to select their preferred language supported by the teletext characters
